Datu Piang (Dulawan)	1							
Multiple Barangays		Flooded Areas	28 June 2024	04:00 pm	The onset of continuous rain the past few days brought about by Inter-Tropical Convergence Zone (ITCZ) and currently by thunderstorm and easterlies has been affecting the Mindanao region. Hence, flooding occur in all areas situated along river side, lake and/or streams of water or tributaries. Consequently, flood waters from upstream tributaries has been affecting the communities living in lowland areas, thus, susceptible to flood hazard and other danger brought about by continuous rain. Datu Piang municipality serves as the catch basin of flood waters from nearby municipalities.	-Flood assessment and/or ocular visit together with BFP-Datu Piang on the effect of flood in collaboration with the barangay officials/BDRRMC, -Close coordination with barangay /BDRRMC on possible evacuation of affected residents if water level continue to rise and possible increase of affected families if situation worsen by continuous rain.		Flooded

REGION PROVINCE CITY/ MUNICIPALITY BARANGAY		TYPE OF INCIDENT	DATE OF OCCURENCE	TIME OF OCCURENCE	DESCRIPTION	ACTIONS TAKEN	REMARKS	STATUS (for flooded areas)
					Currently, the municipalities situated at the Southern part of Datu Piang has been experiencing flooding due to continuous rain from northern and southern part of the municipality. Moreover, the Rio grande river is on its orange alert level and at 10 inches away before reaches its red water level mark. The Dansalan river water level markings reaches its red level, leading to moderate-high flooding in barangays situated along Danasalan river and Butilen marsh. Though the rise of water level is gradual, there are still anticipation of increase in the number of families affected by flood if water level continue to rise due to heavy or continuous downpour.			
Datu Salibo	1							
Multiple Barangays		Flooded Areas	29 July 2024	03:00 pm	Heavy rainfall being experienced in the Province of Maguindanao del Sur brought by the Southwest Monsoon, resulted to overflowing of some rivers in the province that caused flooding in its low-lying areas.	A total of 2,120 families affected by the flood from combined ten barangays in Datu Salibo. These affected families are still staying in their respective homes. Some of the agricultural products of the affected residents were submerged into water, and their daily means of living greatly affected.		Flooded
Pandag	1
