

DSWD DROMIC Report #1 on the Flooding Incidents in North Cotabato

as of 18 July 2026, 6AM

I. Situation Overview

Issued on 16 July 2026 at 4PM, partly cloudy to cloudy skies with isolated rain showers or thunderstorms may have brought flash floods or landslides during severe thunderstorms in Metro Manila and the rest of the country due to localized thunderstorms.

On the same day at around 4:15 PM, continuous moderate to heavy rainfall brought about by localized thunderstorms caused flooding in several low-lying barangays in Antipas, North Cotabato.

On 17 July 2026 at around 5AM, heavy rainfall in upstream municipalities and dam water spilling from Bukidnon caused flooding in several barangays situated along the riverbanks in Kabacan, North Cotabato.

In response, the Department of Social Welfare and Development (DSWD), through its Field Office (FO) XII, is closely coordinating with the affected Local Government Units (LGUs) in North Cotabato and ensures the availability of relief assistance to address the immediate needs of affected families and individuals for any relief augmentation request.
